

Multi-modal Australian ScienceS Imaging
and Visualisation Environment

I am working at the [Victorian Partnership for Advanced Computing \(VPAC\)](#) providing systems and visualisation services, advice, and expertise to the MASSIVE project ([Multi-modal Australian ScienceS Imaging and Visualisation Environment](#)). MASSIVE a state-of-the-art computation, imaging and visualisation centre at the Australian Synchrotron designed to meet the exacting needs of scientists engaged in experiments at the synchrotron. It is a collaboration between [Australian Synchrotron](#), [Monash](#), [CSIRO](#) and [VPAC](#).
